

PARTNER SAVINGS INCENTIVE

A PROGRAM BUILT TO PERFORM UNDER PRESSURE

PSI: The Rewards Program That Fits Every Pest Control Company

PSI is CSI's new rewards program designed to benefit professional pest control companies of all sizes. The program rewards your purchases with a base rebate—and offers additional incentives for buying more and adopting CSI's latest innovative products.

It's Easy to Earn

Every qualifying purchase earns a base rebate per unit. Participating companies must accumulate at least \$200 in base rebates during a calendar year to receive a rebate payment.

Two Ways to Multiply Your Earnings

1. Volume Multiplier

As your total base rebate grows, you can earn a Volume Multiplier that increases your rebate by up to 80%.

2. Innovation Multiplier

When 10% or more of your base rebate comes from CSI innovative products, you can earn an Innovation Multiplier that increases your rebate by up to 20%.

Bonus Savings on Select High-Volume Products

- Some products qualify for Bulk Bonuses, which provide additional rebate dollars.
- Bulk Bonuses apply only when you meet the minimum purchase requirement for a specific product.
- These bonuses are added after multipliers are applied.
- They do not contribute toward Volume or Innovation tiers and are not increased by multipliers.

How Your Final Rebate Is Calculated

Your company's final rebate equals:

(Base Rebate × Volume Multiplier × Innovation Multiplier) + Any Bulk Bonuses Earned

No Paperwork Required

All qualifying purchases are automatically tracked in the system—no invoices or paperwork required—making the program simple and hassle-free for you.
